

As part of our project on pets, Jacob brought in his Guinea Pigs and shared the information he knew about them with the other children.

SCN 0-01a I have observed living things in the environment and am becoming aware of how they depend on each other. 4/9/13

The children were told to find something round in the nursery, Murray found two semi-circles and put them together to make a circle.

MTH 0-16a identify features of these 3D objects: curved, flat faces etc.

MTH 0-16a Know that shapes can be joined or taken apart to form other shapes
