My husband Piers & I married in the old Newbigging church 11 years ago and we have 3 boys – Isaac (P.6), Rowan (P.2) & Riley (age 3 and about to start the nursery). I'm a busy mum, housewife & I also work part time as a Community Learning and Development Assistant in the youth work team for Angus Council.

As a former pupil of a small rural school, I understand their importance & values, so have been an active NPPC member since it began in 2008.

Paul Donaldson, Co-Chair

I live in Newbigging with my wife Jane and our two children, Stuart who is in primary 2 and two year old Jessica. Along with my day job, I am currently chair of the Tayside Safety Group, vice chair of the Scottish Chamber of Safety and I am also an independent panel member of the Angus Fostering and Adoption panel.

I have been an active participant in school activities since Stuart was in pre-school and a member of the Parent Council for two years. I believe that a supportive, active and cohesive PC can improve performance and greatly enhance the school experience for all our children. I am committed to making our PC work for our school.

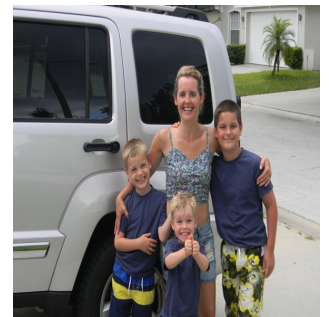

Diane Melvin, Treasurer

I have lived in Newbigging for over 10 years. I live with my husband , Ian and my three boys. I have two children at the school, Oliver in p3 and Jacob in the nursery. My eldest son, Cole has just moved up to Monifieth High School after 9 happy years at Newbigging school and nursery.

I work part-time as a support for learning teacher at a primary school in Dundee and enjoy reading, running and spending time with my family.

I value the opportunity to be involved in school activities and enjoy working alongside other parents and teachers. We have a close community in our village and I believe the school is an integral part of that.

I am an artist and designer and for the past five years I have headed up a small design agency.
